

Cumann Báire agus Peile Chaisleán Cnucha CLG Castleknock Hurling and Football Club

CHFC Guide to Registration through Clubforce

Introduction

Thank you – to all our members – for choosing to renew or begin your membership with Castleknock Hurling and Football Club. The new process, through Clubforce, isn't as daunting as it looks, but there are a couple of things that you need to know.

First of all, **payment**. There are ONLY two payment methods available in the Clubforce system “**Credit/Debit Card**” or “**Cash/Cheque/EFT/DD**”. Payment by Credit/Debit card will take your payment and categorise your membership as “**Complete**”. However, choosing Cash/Cheque/EFT/DD will NOT take a payment and will categorise your membership as “**Incomplete**”. See Stage 5 for specific instructions for existing DD payers, for those who wish to set up a new DD, those who wish to make EFT payments, and for those who wish to pay by cash or cheque.

Secondly, we would encourage all members (18 or over) to install the **Clubforce app**. We will be using the app for many purposes including to communicate from mentors to parents at all juvenile age groups. You can even re-register your membership through the app, although the feedback from users is that using the app on a small screen (e.g. a phone) to re-register is a little clunky.

Thirdly, most of the memberships entitle you to two lines in our **club lotto**. For each line you need to choose **four different numbers, each number must be in the range 1-30**. Please separate the numbers with a comma or space.

Finally, if you have any queries, you can always email registrar@castleknock.net.

Stage 1. Click [HERE](#) and you will be taken directly to the Castleknock Hurling and Football Club list of membership packages on the Clubforce website. You can also get this done through the Clubforce mobile App which you can download from your app store, although the feedback from users is that using the app on a small screen (e.g. a phone) to re-register is a little clunky. Here's a [short video guide](#) to using the app. Select the quantity (the drop down on the left) and then click “add to basket” at the foot of the screen. We have three “Family Membership” options and three “Family Style – Individual Membership” options and three “Individual Membership” options.

#2. **Family Membership (non-players)** – 1 or 2 parents and up to 6 children **living with the parents**. All must be non-players, but any can be mentors. The cost is €288 including two lines in the club lotto and voting rights for all those 18 or over.

#3. **Family Membership (1 mentor, 1 juvenile player)** – 1 or 2 parents and up to 6 children **living with the parents**. The **first** parent must be a mentor, and the **first** child listed must be a juvenile player (U8-U16). The rest of the family (the second parent and any other children) must be non-players, non-mentors. The cost is €288 including two lines in the club lotto, and voting rights for the mentor.

#4. **Individual Adult/Juvenile membership – family style – born 2014 or earlier** – 1 or 2 parents and 1 adult/juvenile child living with the parents. The cost is €192 including two lines in the club lotto. The adult child, if 18 or over, has voting rights. **This membership is for all children (including adult “children” over 18) and children attending national or secondary school.** See Note 2 (very young children). See Note 3 (if your child is over 18). See also Notes 1 & 5 if you have two or more juvenile children.

#5. **Individual Nursery membership – family style – born 2015 or later** – 1 or 2 parents and 1-3 nursery age children living with the parents. The cost is €60 each (no lotto, no voting rights). See Note 2.

#9. **Individual Associate Membership** (must be 18 or over). This cost is €96 including one line in the club lotto but no voting rights.

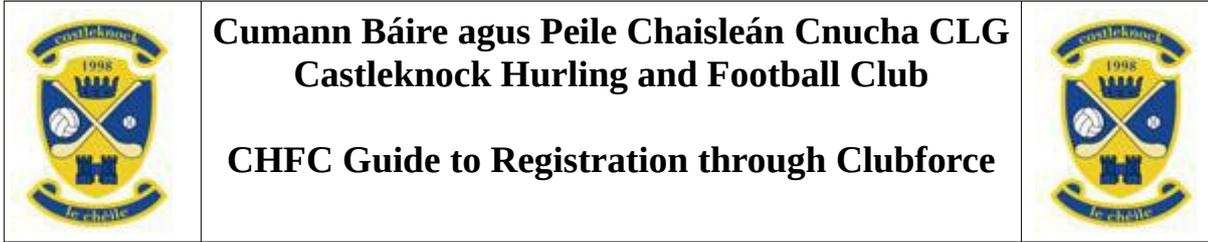

Note 1: If, in addition to the parents, you have two (or more) adult or juvenile players, then #1 (Family Membership) is the correct option for you.

Note 2: In some cases, where you have very young children, you may need to choose 1x #4 (born 2013 or earlier) plus up to 3x #5 (born 2014 or later). Select the quantities for both items, before you click on “add to basket”.

Note 3: Once your child reaches their 18th birthday, there are three options. You can carry on with a #4 (parents+adult/juvenile) or you can buy a #7 (Individual Adult) membership for the 18 year old using your Clubforce account. Or, the 18 year old can set up their own Clubforce account and organise their own membership as #7 (Individual Adult).

Note 4: Students attending third level institutions or equivalent can be covered in one of two packages. Those **over 18** can be covered by a #8 (Individual Student) or by a #6 (Parent/s+Student). Those students attending college **before their 18th birthday** **MUST** be registered with the club through a #6 (Parent/s+Student) package as under 18s cannot sign up to Clubforce’s Ts & Cs. See also Stage 9 below.

Note 5: In situations where the combination of memberships bought equals or exceeds the cost of family membership, then the club will consolidate the memberships bought into a single family membership.

Stage 2. Once you are happy with your basket contents, click on “Next” which will take you to the following screen:

If you already have a Clubforce account you can log in. If not, you must choose the option to “Create account”. Although not compulsory, we advise you to record your home address with your Clubforce account.

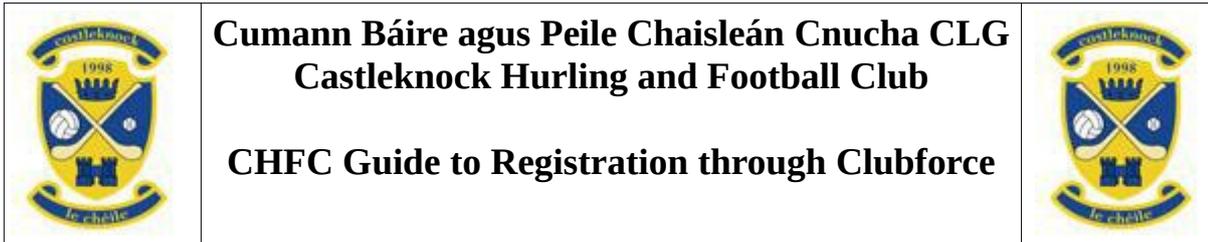

Stage 3. After logging in you will be taken to your shopping cart, to complete the registration. Check your shopping cart has the correct items in it. If there are any added in error, you can click on the dustbin beside the item to get rid of it. If you need to add other items, for example adding a nursery age child to a basket already including a juvenile child, then click on “back” from the basket, select the quantity on the nursery child and click on “add to basket” again. You should end up with a shopping cart looking like this. When you are happy to proceed, click on “next”.

Stage 4. Complete the details on all the forms. The packages are all structured in the same way. The first set of information to be provided is for adult/parent/guardian 1. The screen will look something like this:

Plan Details

Note that if you did record your home address with your Clubforce account, it will be defaulted into this screen and the screen for the additional adult/parent/guardian. If you didn't record your home address with your Clubforce account, please enter it here.

If you have a membership from last year, you will see the green "drop down" where you will be able to select the data you keyed in last year, for example:

The "Reset" option means you are choosing not to use data from last year, and the form data will default to your account details. You may need to use this if you inadvertently select a child instead of a parent. If you choose to fill the form from the previous year's data, it will take up to five seconds to fill the form, so please be patient.

Below Name and Address, you will see Gender and Player radio buttons:

The Gender will drive the "playing codes" dropdown below. The Player radio button does not drive that dropdown, so non players must be recorded three times on the form. (Sorry!)

Note the following three dropdowns, which are on the majority of the memberships:

First, mentoring:

with the following choices:

If you are a mentor or referee, or involved in the admin of the club, please select "yes" – the first choice – and please provide your date of birth. If you are NOT a mentor, referee or involved in the admin of the club, please select "No". If you or your child at age U16 or older are/is thinking about training as a referee, or are/is considering get involved in coaching or club admin, please select the third choice and provide your date of birth.

For a non-player, then obviously, you would select “Non Player”.

For a nursery player, only the first three choices U5 (i.e. Under 5), U6, U7 are available. For a child that is U4, please select U5. If you are buying an “individual nursery” membership for your child and your child is U7 but “playing up” with the U8s, let the Registrar know by email.

For a juvenile player, the choices U8 to U18 are available.

For an adult player, only the last choice “Adult” is available.

Please note that this should be the age group that you or your child **actually plays with**. We have children “playing up” with an older group, and the choice you make here is the group they play with.

Please make sure you choose FOUR numbers for each line, separate the numbers by a comma or a space and **make sure that all of your numbers are in the range 1 – 30**. For those who have been paying for, or would like to pay for, additional lotto lines, please contact the Registrar.

The second adult/parent/guardian is optional – but we encourage you to add the second parent. If you choose NOT to include a second parent then the club will not be able to communicate to that second parent via email or via the Clubforce app because the club will not have any contact details for that parent. You must tick the box on the left to open up the second adult/parent/guardian:

Note that if you did record your home address with your Clubforce account, it will be defaulted into this screen and the screen for the additional adult/parent/guardian. The parents will be followed by the child/ren. Again, you must (in most cases) tick the box on the left to open up each child. For family memberships, you can add up to six children, which may be adult, juvenile or nursery, players or non-players. For adult children (those over 18) their contact details not yours should be provided. Any child expecting to be able to vote (by virtue of being over 18) should have the date of birth recorded.

[Click here to add **Adult/Juvenile/Nursery Child** details.](#)

Additional Family Member 1

If your additional family member is 18 or over, please add their mobile and/or email address where applicable. To be eligible to vote in club matters as an adult (even if a non-player, non-mentor) a date of birth must be given.

First Name Surname

Note that it is a requirement for family memberships that all children **live with the parents**. Third level students – temporarily living away from home – can be counted as “living with parents”.

All of the data on the forms is self-explanatory. There are no “defaults” – you must give an answer to every question. The **date of birth** is entered via a widget – you cannot just type 02/02/2002.

1. The widget first appears like this:	2. Clicking on the red drop down arrow changes it to this:	3. Clicking on the red drop down arrow again changes it to this:	4. You can now use the double arrows left/right to move back/forward to previous/future years. 5. Once you select the year, it will automatically allow you to select the month (i.e return you to the second picture). 6. Once you select the month, it will automatically allow you to select the day (i.e. return you to the first picture.)
			

After all the data there is a “Next” button, click on this to save the data. If any data is missing, you will get a message asking you to complete that data. Once all the data is completed, clicking “Next” will take you to the payment screen.
